

CITY OF CAMBRIDGE

CITY COUNCIL
AGENDA • MAY 17, 2021

Regular Meeting

Sullivan Chamber

5:30 PM

Cambridge City Hall, 795 Massachusetts Ave, Cambridge, MA 02139

SUBMISSION OF THE RECORD

Minutes of the Regular City Council Meeting April 12, 2021

These minutes were accepted and placed on file.

I. CITY MANAGER'S AGENDA

1. A communication transmitted from Louis A. DePasquale, City Manager, relative to an update on COVID-19 vaccination rollout.

CMA 2021 #114

City staff gave a COVID update.

Reopening Update: The Baker administration recently announced that all remaining state COVID restrictions will be lifted on May 29th, including the face covering order, while the Massachusetts state of emergency will end on June 15th. The Massachusetts Department of Public Health will instead be issuing a face covering advisory to align with CDC guidance, and masks will still be required in certain settings, including public transportation, healthcare settings, and congregate care settings. City-sponsored events and permitted events in City parks are prohibited until the end of the month, and City staff will be reviewing this rule, and other municipal public health orders, soon.

Vaccine Update: All Massachusetts residents aged 12+ are now eligible for the vaccine, which is a safe, free, and effective way to protect yourself and your loved ones from COVID. Those under 18 can only get the Pfizer vaccine. Many vaccine sites, including mass-vaccination sites and CVS locations, are now accepting walk-ins, but there are also easy ways to book an appointment in advance. [Click here to pre-register](#) at mass and regional vaccine sites, [click here](#) to find other options, or contact my office by emailing amallon@cambridgema.gov if you need help securing an appointment or finding transportation. CPHD is partnering with the Fire Department and Pro-EMS to offer the single shot J&J vaccine at CambridgeSide this Sunday, May 23rd, from 12pm-6pm, and is working with CPS on a vaccine clinic for teens.

65% of Cambridge residents have received at least one dose of the vaccine, and we're seeing a higher vaccine uptake rate among Asian, black, and Latinx residents than statewide averages. We're also outpacing the statewide averages in each gender and age category, demonstrating the effectiveness of CPHD's education campaign. Their multi-pronged, multi-language approach has included outreach through social media, email blasts, community forums, in-person efforts from the Cambridge Community Corps, and more, with an emphasis on reaching especially vulnerable populations like North Cambridge residents, unhoused neighbors, low-income and disabled seniors, and those who are homebound.

Testing Update: The City is continuing to offer [free, daily COVID testing](#) to everyone who lives or works in Cambridge for the rest of the month. Appointments aren't required, but recommended, and you can make one [by clicking here](#) or calling 617-349-9788. So far, more than 5,600 tests have been administered through this program in the month of May. The demand for testing has been steadily declining since January, so the City will be transitioning to offer testing four days a week in June.

Public Health Update: Cambridge's [COVID case count](#) currently stands at 6,206 cases, 7% of which are active. While case numbers are trending in the right direction, with a .21% positivity rate and an average of 2.5 daily cases, the devastating loss of 123 of our residents remains a solemn reminder of the urgency of adhering to public health guidelines, like mask use, physical distancing, and good hand hygiene. The limited genomic sequencing data we have suggests that the B.1.17 COVID variant is circulating in Cambridge, but other variants haven't been circulating.

[Click here](#) for CPHD's full update.

This item was placed on file.

2. A communication transmitted from Louis A. DePasquale, City Manager, relative to Awaiting Report Item Number 20-48, regarding COVID-19 antibody testing.

CMA 2021 #115

This item was placed on file on the consent agenda (no discussion).

3. A communication transmitted from Louis A. DePasquale, City Manager, relative to Awaiting Report Item Number 20-58, regarding a report on creating a comprehensive digital, postal, and traditional media outreach campaign educating residents on the Cambridge eviction moratorium, tenants' rights, and resources available to at-risk tenants.

CMA 2021 #116

Last November, I submitted [a policy order](#) with Councillor Sobrinho-Wheeler, Councillor Simmons, and Mayor Siddiqui calling on the City to create a comprehensive digital, postal, and traditional media outreach campaign educating residents on Cambridge's eviction moratorium, tenants' rights, and resources available to at-risk tenants. Even after the state rescinded its eviction moratorium last fall, the City's eviction moratorium has remained in place to promote housing stability, but residents may not be aware of nor fully understand the rights they have under the moratorium, and may be misled to incorrectly believe they must leave their home. In this communication, the City Manager outlines the various steps that the City has taken to reach out to residents through social media, the City's website, email blasts, direct mail, publications, the schools, and more, in several different languages. The City will also be launching *Housed In Cambridge: Information to Open Doors*, a City-wide campaign using webinars, an interactive online guide, and more to inform residents on housing opportunities and resources available to them. If you need housing help, [click here for more information](#).

This item was placed on file.

4. A communication transmitted from Louis A. DePasquale, City Manager, relative to Awaiting Report Item Number 21-3, regarding a report on the parameters on eligible expenses from Free Cash.

CMA 2021 #117

This communication responds to [a policy order](#) that was filed in January asking the City Manager to outline any state or municipal restrictions that prevent the City from offering direct financial assistance to residents, non-profits, and small businesses. In this report back, the City Solicitor opines that state regulations prevent the City from offering direct aid to residents, while small businesses can be offered direct aid under very narrow parameters that serve a public interest. Even though the state and federal governments are allowed to allocate direct financial aid, the Anti-Aid Amendment prevents the City from doing so. While Mayor Siddiqui and I have developed crafty ways to offer grant opportunities to residents, small businesses, non-profits, and Arts organizations through other funding streams, it's frustrating that a City with as strong a financial position as ours can't directly uplift our struggling community members with the financial support they need. I moved to refer this communication to the Finance Committee to have a fuller conversation with the State Department of Revenue (DOR) and Division of Local Services (DLS) on how the City can use our dollars to better empower our community members.

This item was referred to the Finance Committee.

5. Transmitting Communication from Louis A. DePasquale, City Manager, relative to the transfer of \$150,000 from the General Fund Employee Benefits (Insurance) Salary and Wages account to the General Fund Fire Travel and Training (Judgment and Damages) account. The funds will cover current and anticipated medical services for the remainder of the fiscal year, for personnel injured in the performance of their duties.

CMA 2021 #118

This item was adopted on the consent agenda.

6. Transmitting Communication from Louis A. DePasquale, City Manager, relative to the appropriation of a grant in the amount of \$500 received from Cambridge in Motion, through the Cambridge Public Health Department to the Grant Fund Community Development Department Other Ordinary Maintenance account and will be used to fund the Healthy Aging and Cycling in Cambridge Project and activities.

CMA 2021 #119

This item was adopted on the consent agenda.

7. Transmitting Communication from Louis A. DePasquale, City Manager, relative to the appropriation of \$70,000 from the Mitigation Revenue Stabilization Fund to the Public Investment Fund Community Development Extraordinary Expenditures account from mitigation funds contributed by Regency Centers to the Harvard Square Improvement Fund as a condition of special permit #PB334 which will be used for the purchase and installation of public space improvements on Palmer Street in Harvard Square.

CMA 2021 #120

This item was adopted.

8. A communication transmitted from Louis A. DePasquale, City Manager, relative to revised versions of the Retail Zoning Petition and Home Occupations Zoning Petition.

CMA 2021 #121

See Committee Reports Item #1 for further discussion.

This item was placed on file.

9. A communication transmitted from Louis A. DePasquale, City Manager, relative to additional information on an Acoustic Music response currently on the Table.

CMA 2021 #122

Last November, I sponsored [a policy order](#) (which was originally filed in 2017 by then-Councillor Devereux) asking the City Solicitor to draft Home Rule Petition language that would allow for acoustic live performances in small businesses without a license. This effort was envisioned as a creative way to help small businesses that typically don't have live entertainment, like bookstores or coffee shops, attract new customers and create a welcoming, vibrant environment. In a time when we need to be removing hurdles for small businesses, my colleagues and I were disappointed to see [the License Commission's response](#) to this policy order in February 2021, where they simply opposed the idea, instead of suggesting a path forward. Since this idea has had the strong support of the City Council for years, we placed that communication on the table to wait for a further response. This report is a follow-up to that communication, and expresses the License Commission's continued opposition to this idea, and argues that, with the proposed zoning changes detailed in Committee Reports Item #1, the process for obtaining a license for an acoustic live performance would be much easier. The License Commission has also eliminated the requirement to advertise applications for annual entertainment licenses in the newspaper,

and reduced the fee for acoustic live entertainment licenses from \$500 to \$100 in 2022. While these small efforts are a step in the right direction, they don't support our small businesses and artists in a meaningful way. I'm disappointed with the License Commission's refusal to start a pilot before reviewing it, and this is a lost opportunity to remove another onerous barrier that our small business community is facing.

This item was placed on file.

10. A communication transmitted from Louis A. DePasquale, City Manager, relative to Awaiting Report Item Number 21-13, regarding next steps on implementation of Universal Pre-K.

CMA 2021 #123

In March, I joined Councillor Sobrinho-Wheeler, Mayor Siddiqui, and Councillor Carlone in sponsoring [a policy order](#) asking the City Manager to develop next steps for instituting free, universal Pre-K in Cambridge. Universal Pre-K has had the strong support of the City Council for years, and while planning and logistics have been complicated due to COVID, there has never been a greater need for accessible childcare and its benefits in alleviating gendered wealth gaps, removing racial and socioeconomic inequities in early childhood education, and supporting working parents. [This report](#) explains that the City staff were beginning to explore universal Pre-K shortly before the pandemic began, and will begin planning for eventual implementation shortly. I hope we're updated on the timeline for moving forward with implementation, and that the City can get creative around finding new classroom spaces. As we hope to have a roundtable with the School Committee on moving forward with universal Pre-K, this item was laid on the table.

This item was placed on the table.

11. A communication transmitted from Louis A. DePasquale, City Manager, relative to further proposed amendments to the Tree Protection Ordinance and draft regulations.

CMA 2021 #124

This communication contains proposed amendments to the [Tree Protection Ordinance](#) and related draft regulations that were discussed at previous Ordinance Committee meetings. These proposed amendments would allow for permits to remove trees to be issued more broadly, but would also identify more trees as being Significant Trees (6 inches and above), attach more value to very large trees (30 inches and above) and incentivize replanting as the most advantageous, cost-effective form of mitigation for those seeking permits. As the minutes from a previous Ordinance Committee meeting haven't been completed yet, this communication was laid on the table.

This item was placed on the table.

II. CALENDAR

CHARTER RIGHT

1. That the city manager be and hereby is requested to work with all relative city departments, the Central Square BID and the MBTA to close Mass Ave. from Prospect Street to Sydney Street on Friday and Saturday evenings from 7 p.m. to 1 a.m. through September 2021 and report back to the Council.

CHARTER RIGHT EXERCISED BY COUNCILLOR ZONDERVAN IN COUNCIL MAY

10, 2021

POR 2021 #100

This order asks the City to work with [the Central Square Business Improvement District](#) and the MBTA to close Mass Ave. from Prospect Street to Sydney Street on Fridays and Saturdays from 7pm to 1am through September. Economic recovery will happen outdoors, and as we enter into the warmer months and as more sectors reopen, temporarily closing this street section will ensure outdoor diners and shoppers have the space they need to safely support our small business community. As he had some ideas for potential amendments, Councillor Zondervan exercised his charter-right (discussion ended, no vote was taken, and it appears on the next agenda) on this order last week to work on amendments. However, since these amendments aren't yet ready, the co-sponsors weren't engaged in this conversation, and this order is timely as we enjoy warmer weather, the City Council moved forward with passing this order and getting this community discussion started. I'm looking forward to these conversations on how we can reactivate this space, and how the City can support the BID with programming and funding.

This order was adopted.

2. The Ordinance Committee met on February 24, 2021 to conduct a public hearing on the following ordinance amendments.

That the City Council adopt a municipal ordinance to reduce or limit campaign donations from donors seeking to enter into a contract, seeking approval for a special permit or up-zoning, seeking to acquire real estate from the city, or seeking financial assistance from the city.

REFERRED TO ORDINANCE COMMITTEE. The Cambridge City Council direct the City Manager to work with the City Solicitor's Office to draft a Home Rule Petition that would cap campaign contributions to any City Council candidate to \$200 per person, per year, per candidate and limit candidate loans to \$3,000 per election cycle.

CHARTER RIGHT EXERCISED BY COUNCILLOR MCGOVERN IN COUNCIL MAY 10, 2021

This report contains minutes from [the Ordinance Committee hearing held](#) on February 24th to discuss potential ordinance amendments that would limit campaign contributions. Last week, Councillor McGovern exercised his charter right on this report and the policy orders within it, which ask the City Solicitor to opine on the different ways these orders propose limiting campaign contributions. This week, we moved forward with adopting these orders and asking the Law Department to weigh in.

This report was accepted and placed on file.

3. That the city manager be and hereby is requested to instruct the law department to review the proposed ordinance to reduce or limit campaign donations, POR 2020 #240, and respond to the City Council, in a reasonable time, with suggested edits, comments and recommendations.

**CHARTER RIGHT EXERCISED BY COUNCILLOR
MCGOVERN IN COUNCIL MAY 10, 2021
POR 2021 #102**

This order was adopted.

4. That the City Manager be and hereby is requested to work with the City Solicitor's Office to draft a Home Rule Petition that would cap campaign contributions to any City Council candidate to \$200 per person, per year, per candidate.

**CHARTER RIGHT EXERCISED BY COUNCILLOR
MCGOVERN IN COUNCIL MAY 10, 2021
POR 2021 #103**

This order was adopted.

ON THE TABLE

5. A communication transmitted from Louis A. DePasquale, City Manager, relative to Awaiting Report Item Number 20-64, requesting Home Rule language to allow for acoustic live entertainment performances in small businesses under certain conditions without a license.

TABLED IN COUNCIL FEBRUARY 22, 2021

CMA 2021 #32

See City Manager's Agenda Item #9 for further discussion.

This communication was placed on file.

UNFINISHED BUSINESS

6. A communication transmitted from Louis A. DePasquale, City Manager, relative to Awaiting Report Item Number 18-108, regarding a report on offering early voting in City Council and School Committee Elections.

PENDING RESPONSE FROM LEGISLATURE

CMA 2018 #286

No action was taken.

7. A communication transmitted from Louis A. DePasquale, City Manager, relative to an order requesting the appropriation and authorization to borrow \$5,000,000 to provide funds for the reconstruction of various City streets and sidewalks.

**PASSED TO A SECOND READING IN COUNCIL MAY 10, 2021 TO BE ADOPTED ON
OR AFTER MAY 24, 2021**

CMA 2021 #111

No action was taken.

8. A communication transmitted from Louis A. DePasquale, City Manager, relative to an order requesting the appropriation and authorization to borrow \$10,000,000 to provide funds for the Municipal Facilities Improvement Plan. Funds will support improvements at the Department of Public works Complex, Moses Youth Center HVAC Design, fire notification system installation at 11 buildings, Coffon building bathroom rehab and upgrades and MFIP study. Also, included is funding to support fire station improvements including: Lafayette Square fire station improvements (floor slab, kitchen and gym flooring replacement), Taylor Square fire station improvements (decontamination showers, installation and parapet improvement), East Cambridge fire station improvements (sanitary storm system replacement and generator installation) and Lexington Ave. fire station driveway construction.

PASSED TO A SECOND READING IN COUNCIL MAY 10, 2021

TO BE ADOPTED ON OR AFTER MAY 24, 2021

CMA 2021 #110

No action was taken.

9. A communication transmitted from Louis A. DePasquale, City Manager, relative to an order requesting the appropriation and authorization to borrow \$1,800,000 to provide funds for various Schools for projects that include: asbestos abatement in various schools, replace the front plaza and failing masonry wing walls and recaulking the building at the Haggerty School, replace emergency generator and extend exhaust at Cambridgeport, recaulking precast panels at CRLS Field House, unit vents engineering at the Fletcher Maynard Academy and Longfellow building and replace the gym floor at the Amigos School.

PASSED TO A SECOND READING IN COUNCIL MAY 10, 2021

TO BE ADOPTED ON OR AFTER MAY 24, 2021

CMA 2021 #109

No action was taken.

10. A communication transmitted from Louis A. DePasquale, City Manager, relative to an order requesting the appropriation and authorization to borrow \$28,500,000 to provide funds for the construction of sewer separation, storm water management and combined sewer overflow reduction elimination improvements within River Street and Harvard Square areas as well as the Sewer Capital Repairs Program and climate change preparedness efforts.

PASSED TO A SECOND READING IN COUNCIL MAY 10, 2021

TO BE ADOPTED ON OR AFTER MAY 24, 2021

CMA 2021 #108

No action was taken.

III. APPLICATIONS AND PETITIONS

1. An application was received from Norma Jackson, requesting permission for a curb cut at the premises numbered 59 Fairmont Street; said petition has received approval from Inspectional Services, Traffic, Parking and Transportation, Historical Commission and Public Works. Response has been received from the neighborhood association.

APP 2021 #23

This application was approved.

IV. POLICY ORDER AND RESOLUTION LIST

1. That the City Manager be and hereby is requested to direct the appropriate City staff to (1) refresh the rainbow benches outside of City Hall by June 1, 2021, (2) re-paint the crosswalks in colors that represent the Trans Flag, the Pride Flag, the Bi Flag and the People of Color Pride Flag by June 1, 2021, and (3) light City Hall up in rainbow colors in recognition of Pride Month from June 1, 2021-June 12, 2021.

Mayor Siddiqui, Vice Mayor Mallon, Councillor Simmons, Councillor Sobrinho-Wheeler
POR 2021 #104

I joined Mayor Siddiqui, Councillor Simmons, and Councillor Sobrinho-Wheeler in submitting this order calling for the City to recognize June as Pride Month by lighting up City hall and repainting crosswalks and benches near City Hall in the colors of pride flags. In a time when many homophobic and transphobic laws are being passed across the country, the City must stand up as a proud ally to our LGBTQ+ staff, residents, and community.

This order was adopted on the consent agenda.

2. That the City Manager be and hereby is requested to work with the Traffic, Parking, and Transportation Department, the Department of Conservation and Recreation, and MassDOT to develop a holistic plan for managing the traffic and congestion in the Alewife area and report back to the City Council

Councillor Nolan, Vice Mayor Mallon
POR 2021 #105

Fresh Pond Parkway was ranked the second most congested Massachusetts corridor in 2019, and as several additional development projects are planned in the Alewife area over the next few years, traffic congestion and conditions for vulnerable road users will only get worse. That's why Councillor Nolan and I have filed this policy order asking the City to work with the State to develop a plan to manage the traffic congestion proactively. This order was amended to ask the City Manager to confer with the state police when developing this plan.

This order was adopted as amended.

3. That the City Manager be and hereby is requested to confer with the Community Development Department, the Traffic, Parking and Transportation Department, the City Manager's Small Business Advisory Committee, the Cambridge Business Coalition, and other relevant City Departments to outline a plan for future outdoor dining and necessary City supports to ensure its' success

Vice Mayor Mallon, Mayor Siddiqui
POR 2021 #106

Expanded outdoor dining has been one of the few bright spots of this pandemic. It has not only given residents a safe way to get outside and support local restaurants, but it also generates foot traffic for surrounding small businesses. Even though expanded outdoor dining into parking lots and City streets were originally intended as a temporary way to keep struggling businesses afloat, they have proven to be a powerful tool in reactivating public spaces. That's why Mayor Siddiqui and I have filed a policy order calling on the City Manager to develop a plan for future outdoor

dining and necessary City resources to ensure its success, and asking the City Council to affirm its support for [a petition](#) in support of outdoor dining that's being circulated by the Cambridge Business Coalition. We know that recovery will happen outside, and this is a great opportunity to re-imagine our public spaces to activate the public realm. This order was amended to add the full City Council as co-sponsors.

This order was adopted as amended.

4. The City Manager be and hereby is requested to consult with relevant Department heads and the nonprofit community on "Digital Equity" and report back to the Council with an implementation plan, schedule, and request for appropriation

Councillor McGovern, Councillor Nolan, Mayor Siddiqui, Vice Mayor Mallon

POR 2021 #107

CTC Technology previously conducted a detailed study on digital equity in Cambridge, and delivered a comprehensive set of recommendations to the City, yet the City's efforts to increase access to broadband largely fail to reflect these recommendations. That's why Councillor McGovern, Councillor Nolan, Mayor Siddiqui and I have filed this policy order asking the City Manager to develop an implementation plan, schedule, and appropriation request by September to carry out these recommendations. From expanding public wifi and charging stations for unhoused residents and partnering with non-profits to broaden the City's reach, to establishing a digital skills corps and creating a digital equity special position, these recommendations are a critical step forward in meeting our goals for bridging the digital divide as the City explores the possibility of municipal broadband. This order was amended to add the full City Council as co-sponsors.

This order was adopted as amended.

5. That the City Manager be and hereby is ordered to consult with relevant Department heads on other broadband benefits programs offered by the Federal government, and report back to the City Council on the City's plans to leverage these funds in pursuit of Digital Equity

Councillor McGovern, Councillor Nolan, Mayor Siddiqui, Vice Mayor Mallon

POR 2021 #108

Like the order before it, Councillor McGovern, Councillor Nolan, Mayor Siddiqui and I sponsored this policy order to help bridge the digital divide in Cambridge. The federal government is offering an Emergency Broadband Benefit program that provides service and hardware to eligible households, and this order calls for the City to publicize this program to ensure our residents know about and can take advantage of this program, while also asking City staff to report on other federal broadband benefits programs that the City could leverage to enhance digital equity. This order was amended to add the full City Council as co-sponsors.

This order was adopted as amended.

6. That the City Manager be and hereby is requested to work with the Purchasing Department to review Cambridge's corporate contracts and identify any companies that are in violation of Cambridge's policy on discrimination, including (but not limited to) Hewlett Packard Enterprise and Hewlett Packard Incorporated over their role in abetting apartheid in the Middle East, and to suggest alternatives for Cambridge to explore in order to ensure the city embody the values it put on paper

Councillor Zondervan, Councillor Sobrinho-Wheeler, Councillor Carlone
POR 2021 #109

This order asks the City to review its' contracts with Hewlett Packard, which has ties to Israel, and other companies, and to divest in dealings with them. As the meeting was held during Shavuot, a holiday observed by many members of the Jewish community, this order was charter-righted to ensure all residents are able to weigh in.

Councillor Nolan exercised their charter-right.

7. That the City Manager is requested to confer with the appropriate City staff on the status of the Gold Star Mothers Pool opening plans for the June through September summer season of 2021

Councillor Toomey, Mayor Siddiqui

POR 2021 #110

This order was adopted on the consent agenda.

8. That the City Manager be and hereby is requested to confer with the Traffic, Parking, and Transportation Department and other appropriate City staff on implementing a heavy truck traffic ban on Roberts Road from Kirkland Street to Cambridge Street.

Councillor Toomey, Mayor Siddiqui

POR 2021 #111

This order was adopted on the consent agenda.

V. COMMITTEE REPORTS

1. The Ordinance Committee held a public hearing on April 14, 2021 regarding the Retail Uses Zoning Recommendations - Refiled (Ordinance #2021-3) and the Home Occupations Zoning Recommendations - Refiled (Ordinance #2021-4)
This report contains minutes from [the April 14th Ordinance Committee hearing on the Retail Uses Zoning Petition and the Home Occupations Zoning Petition](#).

This report was accepted and placed on file.

A. Retail Table of Land Use Update PO

POR 2021 #25

Vice Mayor Mallon, Mayor Siddiqui

I submitted this order with Mayor Siddiqui to refile potential zoning amendments to the Retail Table of Land Use. By clarifying the definitions of certain uses, expanding or creating new uses to reflect the changing face of retail, and removing onerous requirements, updating the table of land use is a critical way the City can reduce the burden of starting or expanding a small business in Cambridge. These proposed amendments were first unveiled at an [Economic Development and University Relations Committee hearing](#) I convened on July 30th, 2020, but ultimately expired after an Ordinance Committee meeting on this topic had to be cancelled due to inclement weather. Updating the Retail Table of Land Use has been a long, labor-intensive process, and now that the struggles of our small business community have been exacerbated by this public health crisis, I'm grateful that the City is moving forward with this process. City Manager's Agenda Item #8 contains updated language that reflects recommendations from the Community Development Department and the Law Department. These petitions were amended to include these language changes, and were passed to a second reading, so they'll be voted on for ordination in a few weeks.

These petitions were passed to a second reading as amended.

VI. COMMUNICATIONS AND REPORTS FROM OTHER CITY OFFICERS

1. A communication was received from Mayor Sumbul Siddiqui, communicating information from the School Committee.

COF 2021 #49

In this letter, Mayor Siddiqui outlines the work she and the entire School Committee are doing to support CPS students, employees, and families. [Click here](#) to read her full update.

This communication was placed on file.

2. A communication was received from Mayor Sumbul Siddiqui, transmitting Questions for COVID-19 Update.

COF 2021 #50

This communication contains questions asked by City Councillors that were answered in the City Manager's COVID update (City Manager's Agenda Item #1).

This communication was placed on file.
